

Information for patients and carers

Breast Care Nursing Team

A decorative graphic at the bottom of the page consisting of three overlapping, wavy bands of blue. The top band is a light blue, the middle is a medium blue, and the bottom is a dark blue.

Breast Care Clinical Nurse Specialist

The Clinical Nurse Specialist is a highly qualified and experienced nurse who specialises in the care and support of people with breast problems.

They work closely with all the members of the Breast Care Team involved in your care.

The service they provide for you is completely confidential.

The Breast Care Nursing Service is available from the time patients first attend with a breast problem.

The Breast Care Nursing Service offers:

- Information about all aspects of breast care
- Counselling
- Discussion of treatment options
- Practical advice
- Information about breast reconstruction and reduction
- Access to other support services
